

Student ID 1807592
Application ref 1409358
Full name: Mr Ming-Chieh Hsu
Authorised agent: IDP Education/Taipei/Taiwan
Offer Issued 15 July 2025

Dear Mr Hsu,

Congratulations, I am delighted to offer you conditional admission to the University of Melbourne.

Course name: Master of Chemical Engineering (CRICOS Code: 106104M)
Course commencement: Mid Year Intake 2026 (27 Jul 2026)
Standard full-time course duration: 3.0 Year(s)
Fee type: PG Overseas Fee Paying
Faculty: Faculty of Engineering and IT
Deadline for accepting your offer: 30 April 2026

Satisfy the conditions of this offer

To satisfy the conditions of this offer, you must:

Provide evidence of successful completion of your current program with a minimum CGPA of 3.04 overall.

Provide evidence of successful completion of 25 points (two subjects) of first year Mathematics, specifically Calculus 2 and Linear Algebra and 25 points (two subjects) of first year Chemistry, specifically Chemistry 1 and Chemistry 2

Click the link to find out how to provide this [evidence](#). Once you have met the conditions set out above, the University will send you an unconditional offer letter, which will include instructions on how to accept your offer.

It is also important to note that if you undertake any further study between now and accepting your offer you must declare it because your offer will need to be reassessed based on the additional study.

If you do not declare the further study and it is subsequently discovered via any means, including an advanced standing application, your application will be reassessed based on that study which could result in your offer being withdrawn and enrolment cancelled.

Advanced standing

Type	Outcome	Points	Code	Subject Full Title	Notes
General	Granted	25.00	MC-CHEMENG	Master of Chemical Engineering	See subject below

The cost and duration of your course will be reduced accordingly.

Important information

The commencement date above refers to the start of classes. New students should plan to participate in [orientation activities](#) before classes begin. Essential information will be provided at these sessions and attendance may be compulsory. Further details about the orientation activities of your faculty will be available towards the beginning of semester.

This is an offer for the Master of Chemical Engineering (MC-CHEMENG). You have been awarded 25 points of advanced standing. The course length is 3 years full-time, depending on subject availability. You are eligible for advanced standing towards the following subjects: Engineering Mathematics (MAST20029), Chemical Engineering Management (CHEN90020).

This advanced standing will be loaded to your study plan once you have accepted your offer.

Requests for further credit will not be assessed unless there has been a major change to your transcript. We encourage you to course plan by visiting the following link for your course structure: <https://study.unimelb.edu.au/find/courses/graduate/master-of-chemical-engineering/what-will-i-study/>. Further assistance is available via Stop 1: <https://students.unimelb.edu.au/your-course/manage-your-course/planning-your-course-and-subjects>.

Students are requested to complete the Diagnostic English Language Assessment (DELA) being held at multiple times during orientation week. The results of the DELA will be used to help the Faculty of Engineering and Information Technology better understand the support needs of our students and will allow us to give preferential access to resources to students in need. Students who have already completed the DELA in this calendar year are not asked to sit it again. Registration opens approximately 2 weeks before the start of semester. More information can be found here: https://services.unimelb.edu.au/academicskills/english_as_a_second_language/DELA. There will be orientation sessions at the Faculty of Engineering and Information Technology in the week prior to commencement of classes. Closer to the commencement of your course further information will be sent to you and will be available from the website at: <https://eng.unimelb.edu.au/students/coursework/study-resources/orientation>.

Due to the high level of demand for this program, please be aware that there may be few or no places available by the time the conditions of the offer are satisfied and/or the unconditional offer is accepted. Please note that this offer will remain valid only as long as there are places available in this program.

While you can register your intention to accept or decline this offer through the [student portal](#) or the [application portal](#), please be aware that places may be full by the time you submit your final required documents, and we may not be able to issue an unconditional offer. If you need to start your studies later than originally planned, you may be eligible to defer the commencement of your offered course for up to one year. Please refer to the [deferral page](#) for eligibility details specific to you and the course you have been offered.

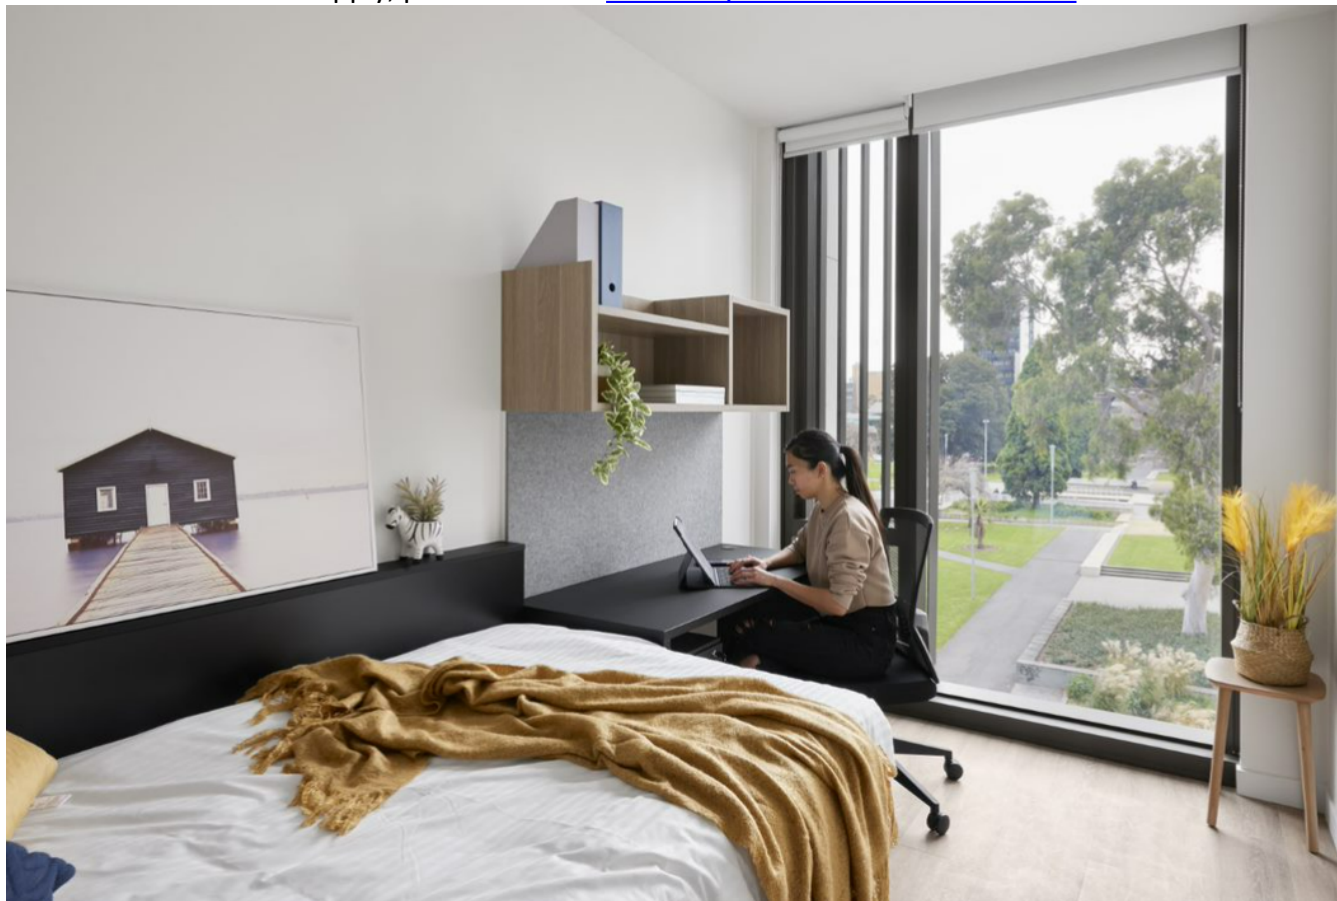

COVIDSafe campuses

The University of Melbourne is committed to COVIDSafe campuses – to find out what this means for you and your studies, see our [COVID-19 student updates page](#).

For regular updates including support services and requirements to safely study on campus, and international travel, visit our [student advice and support page](#).

Accommodation at Melbourne

University Accommodation provides a range of housing options for University of Melbourne students. As a member of our student accommodation communities, you can enjoy access to high quality, secure, inclusive and welcoming accommodation, all within walking distance of our Parkville campus. For more details and to apply, please visit our [University Accommodation website](#).

Selection appeals and reviews

In accordance with the University's [Selection and Admission Policy \(MPF1295\)](#) any applicant who has concerns over a selection decision may request a [formal review](#). If dissatisfied with the outcome of the review the applicant may lodge an appeal.

If you have not received an outcome for a course that you have listed as a higher preference then rest assured that your application is still under consideration and you do not need to take further action. This offer only relates to the course listed above.

Fees

Typical annual and total tuition fees*

AUD 62,976 Annual / AUD 208,451 Total (Fees for 2026)

Visa length overseas student health cover**

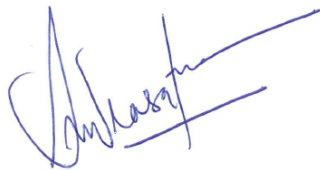

AU\$2,600 (single cover) or AU\$9,711 (couples cover) or AU\$9,711 (single parent cover) or AU\$16,833 (family cover) for 38 months**

*Fees for graduate studies are course-based. Fees for undergraduate studies are subject-based. The University provides a guarantee to international students who enrol, that course fees will not increase by more than a specified percentage per annum. For more information about tuition fees please refer to the [fees website](#).

**Overseas Health Cover Premiums quoted are as at the time of offer and may change. If the premium has changed by the time you accept this offer and you request the University to arrange OSHC for you, you may be required to make an additional payment or if you have also paid a tuition fee deposit, some of these funds can be used to cover any shortfall. International students are required to purchase Visa Length Cover at the time of accepting their offer. If you have been granted and accept advanced standing in your course the course duration may change, which in turn will change the Overseas Student Health Cover you are required to purchase. For more information please visit the [OSHC](#) website.

Thank you for selecting the University of Melbourne as your study destination.

Sincerely,

Verdi Arli
